

TONY
IANNETTONE
COMMERCIAL
DEPARTMENT

As he prepares to celebrate his 30th anniversary with Case Supply, Tony Iannettone (CKD, CBD) is now well regarded as one of the preeminent multi-family kitchen and bath project designers in Central New York. Together, Tony and Jeanne King form the most productive commercial interior sales team in our region's construction industry.

In 2007 alone, their department sold over \$1 million in kitchen cabinetry to Fort Drum along with completing kitchen and baths for such apartment residences as Fetzner Square, Jordache Park, Baywinde Gardens, Golden Legacy, Center Pointe, Royal Sunset, Bay Pine, Park Circle, Hill Haven and the Amos Block Building in Syracuse's historic Armory Square.

Tony received his Certificate in Kitchen Design (CKD) in December of 1993 and his Certificate in Bath Design (CBD) in June of 1996. Collectively these accolades reflect the highest levels of accreditation as recognized by the National Kitchen and Bath Association (NKBA) and he is the only member in the history of Case Supply's kitchen and bath division to achieve both levels of design excellence.
